CASE REPORT**NARRATIVE**

17-00038757

Assault 4th

C. Pierce

While on patrol assigned as 2K7 on 11-06-2017 while on an assault complaint at Fairfax Hospital located at 10200 NE 132nd Street I was informed of an assault that occurred to at 0738 hours on 11-06-2017.

While I was investigating and assault that occurred on 11-05-2017 I learned that the victim in the prior assault had assaulted the suspect also from the prior assault under case number 17-38739.

I took a written statement from [REDACTED] who talked about the assault that occurred on 11-05-2017. After I took this statement [REDACTED] informed me that he had punched [REDACTED] this morning. I stopped [REDACTED] and informed him that I would reinterview him after I spoke with [REDACTED]

I then viewed the video for the current assault. In the video I saw [REDACTED] walk up to [REDACTED]. [REDACTED] offered his left hand to [REDACTED] and they appeared to be talking. As [REDACTED] takes [REDACTED] hand [REDACTED] then punched [REDACTED] on the left side of his [REDACTED] face.

As the two of them fought the staff stepped in to break up the fight.

Both parties were medicated at that time.

As I contacted [REDACTED] at 1245 hours I asked [REDACTED] if he wanted to press charges for the assault today. [REDACTED] then started reciting the pledge of allegiance.

As [REDACTED] was being booked into jail I asked him twice more if he wanted to press charges for the assault. [REDACTED] at first said if the other dude was going to that he would also. [REDACTED] then changed his mind and said that he was going to do his time and did not want to press charges.

Due to [REDACTED] decline in his assisting in the prosecution in this matter this case is closed.

I contacted the hospital and informed them of these results.
